On August 14, 2020, Dominion Energy South Carolina, Inc. ("DESC" or the "Company") filed an application with the Public Service Commission of South Carolina ("Commission") requesting certain proposed adjustments, changes, and increases in its rates and charges and tariffs for retail electric service (the "Application") with an effective filing date of August 15, 2020. The Application was filed pursuant to S. C. Code Ann. §§58-27-820, 58-27-860, and 58-27-870 (2015, as amended), Commission Regulation 103-823 (2012), and other applicable laws and rules.

According to the Application, the proposed rates and charges represent an overall increase in revenues of approximately \$178 million or 7.75%.

Costs associated with the abandoned V.C. Summer Units 2 & 3 construction project are not included in the rates requested in this Application.

At its August 26, 2020, Commission Business Meeting, the Commission issued a directive which stated, in part, "... Dominion shall maintain the historical test period as 12-months ended December 31, 2019, which is January 1, 2019, through December 31, 2019, and that Dominion is further required to update its historical test period results for known and measurable changes as of September 30, 2020."
